

FICHA DE DATOS DE SEGURIDAD

SAFETY DATA SHEET

RED OUT BIOACTIVE CALMING FOAM

English version nº 1

SECTION 1: Identification of preparation and company

1.1 Identificación of preparation:

Red Out Bioactive Calming Foam

1.2 Use

Cosmetic.

1.3 Identificación of company:

Details of the company responsible for palcing market:

RUFNER DISTRIBUCIONES S.L.

C/ Maracay 28. P.I. San Luis

Tlf.: + 34 952 241 616

web: www.aloetattoo.es

1.4 Emergency telephone:

Instituto Nacional de Toxicología y Ciencias Forenses

+34 915 620 420 (Información en español 24h/365días).

Únicamente con la finalidad de proporcionar respuesta sanitaria en caso de urgencia.

SECTION 2: Hazard Identification

2.1 Classification of the mixture:

2.1.1 Directive 67/548/EEC and Directive 1999/45/EC:

The classification of the mixture was carried out in accordance with Royal Decree 363/1995 (Directive 67/548/EEC) and the Royal Decree 255/2003 (Directive 1999/45/EC), adapting the requirements to Regulation (EC) 1907 / 2006 (REACH Regulation) pursuant to Royal Decree 1802/2008.

Not classified

2.1.2 Regulation 1272/2008 (CLP):

The classification of the mixture was made under Regulation 1272/2008 (CLP), determines:

Eye irritant 2

2.2 Label elements:

Based on Directive 67/548/EEC and Directive 1999/45/EC and Regulation 1272/2008 (CLP), the labeling elements are:

Pictograms: NA

Avoid contact with eyes. Keep out of reach of children. In case of accident to the Medical Toxicology Information Service, telephone 91 562 04 20.

2.3 Other hazards

NA

Redaction: October/2019

Revision: -----

FICHA DE DATOS DE SEGURIDAD

SAFETY DATA SHEET

RED OUT BIOACTIVE CALMING FOAM

English version nº 1

Section 4: First Aid Measures

4.1 Description of first aid measures :

If swallowed, seek medical advice immediately (if possible , show this label) . Never give anything by mouth to an unconscious person.

Inhalation

No relevant

For skin contact

No relevant

On contact with eyes :

It can cause irritation. Wash thoroughly the affected eyes with clean , fresh water for at least 15 minutes, until the irritation . Request immediate specialized medical care .

Ingestion:

Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately. Loosen tight clothing such as a collar, tie, belt or waistband.

4.2 Most important symptoms and effects, both acute and delayed:

No symptoms or delayed effects . If acute symptoms are indicated in sections 2 and 11.

4.3 Indication of any immediate medical attention and special treatment needed immediately :

Not relevant .

SECTION 5: Firefighting

Means of Extinction:

No flammable substance. Where appropriate, use powder or CO2 extinguisher. In case of more serious fires, also alcohol-resistant foam and water spray.

5.2 Special hazards arising from the mixture:

No relevant.

5.3 Advice for firefighters:

Wear self-contained breathing systems and protective clothing. The case of fire and / or

explosion avoid breathing fumes. Containers should be cooled with water to prevent the increase in vapor pressure.

SECTION 6: Accidental discharge

6.1 Personal precautions, protective equipment and emergency procedures:

No relevant

6.2 Environmental precautions :

Dispose of in accordance with local regulations.

6.3 Methods and materials for containment and cleaning up:

Absorb the material on an inert material such as earth, sand or vermiculite. Wash area with a strong, biodegradable soap solution, and rinse to drain. Products will degrade in sewerage system.

6.4 Reference to other section.

For waste, refer to section 13.

SECTION 7: Handling and storage

7.1 Precautions for safe handling:

Apply good manufacturing practice & industrial hygiene practices. Observe good personal hygiene, and do not eat, drink or smoke whilst handling. Avoid static discharges.

7.2 Conditions for safe storage, including any incompatibilities:

Store in full, tightly sealed original containers in a cool, dry, wellventilated place. Protect from light. Avoid extremes of temperature.

7.3 Specific end :

NA

SECTION 8: Exposure controls / personal protection

8.1 Control parameters :

Glycerol: 10 (mg/m³) (Tipo: TWA)

8.2 Exposure controls :

Eye protection with chemical goggles . Hygiene measures: Wash hands with soap and water, use gloves.

Redaction: October/2019

SAFETY DATA SHEET

RED OUT BIOACTIVE CALMING FOAM

English version nº 1

Eye protection / face protection : No special measures under normal conditions.
Skin protection : No special measures under normal conditions.
Body protection: Not required.
Respiratory protection: Respiratory protection not required . Where protection is desired Use respirators and components tested and approved under appropriate standards as NIOSH (U.S.) or CEN (UE).

SECTION 9: Physical and Chemical Properties

9.1 Appearance:	Liquid
9.2 Odor:	NA
9.3 Solubility in water:	Soluble
9.4 Boiling point:	Not determined
9.5 Decomposition temperature:	Not determined.
9.6 Pressure / steam density:	Not determined
9.7: pH	6-6,5
9.8 Explosive limits:	No flammable.

SECTION 10: Stability and reactivity

10.1 Reactivity:
No risk of ignition.

10.2 Chemical stability:
Stable under normal conditions of use.

10.3 Possibility of hazardous reactions.
NA

10.4 Conditions to avoid:
High temperatures.

10.5 Incompatible materials:
NA

10.6 Hazardous Decomposition.
No produce toxic gas in decomposition.

SAFETY DATA SHEET

RED OUT BIOACTIVE CALMING FOAM

English version nº 1

SECTION 11: Toxicological Information

11.1 Local effects:	NA
Glycerol	LD50 oral (rabbit): 27 mg/kg
Caprylyl glycol	LC50 oral (rats): 2000 mg/kg
11.2 Chronic toxicity	
Glycerol	May cause damage to the following organs: digestive system.
11.3 Effects on humans:	NA

SECTION 12: Ecological Information

12.1 Acute aquatic toxicity:	NA
12.2 Persistence and degradability:	Not available.
12.3 Potential biacumulación	Not available
12.4 Mobility in soil	Not available
12.5 Results of PBT and vPvB assessment	Not available
12.6 Other adverse effects	Not available

Section 13: Disposal Considerations

13.1 Disposal:

Wastes and empty containers without cleaning should be handled and disposed of according to local / national regulations. Where appropriate, returned to the manufacturer or disposed of in accordance with state, regional and local legal requirements and applicable environmental regulations. Empty containers can be returned to the manufacturer or should be recycled or

SAFETY DATA SHEET

RED OUT BIOACTIVE CALMING FOAM

English version nº 1

disposed of through a management facility approved waste.

Disposal of empty containers: Containers can be managed and disposed of by incineration or landfill as domestic containers and according to local / national regulations.

13.2 Disposal considerations:

The remaining liquid can be disposed to sewage after dilution with water, but according to local regulations.

SECCIÓN 14: Información relativa al transporte

HAZARDOUS INGREDIENTS: NO FLAMMABLE

14.1 Transportation by Road (ADR) and by Rail (RID):

Suitable

14.2 Transport by sea (IMDG):

Suitable

14.3 Transportation by Air (ICAO / IATA)

Suitable

Section 15: Regulatory Information

The substance (s) is (are) listed (s) in EINECS, ELINCS, NPL inventories, or is (are) exempt (s).

- **Classification according to Regulation (EC) No 1272/2008 on classification, packaging and labeling**

Simbols and advertences: NA

NA

Precautionary statements:

Avoid contact with eyes. Keep out of reach of children.

OTHER INFORMATION:

In case of accident to the National Poisons Information Service, Telephone 91 562 04 20

SECTION 16: Other information

The information contained herein is offered based on available knowledge about the product at the time of publication. Any use of the product other than indicated or combination with others is
