First-aid measures after skin contact       : If irritation occurs, flush skin with plenty of water. Get medical attention if irritation persists.         First-aid measures after eye contact       : If irritation occurs, immediately flush eyes with plenty of water. Remove contact lenses, if worn.			
Not applicable         3.2.       Mixture         None by OSHA HazCom 2012 and HPR WHMIS 2015 criteria         SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures after inhalation       : Not a normal route of exposure. If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.         First-aid measures after skin contact       : If irritation occurs, flush skin with plenty of water. Get medical attention if irritation persists.         First-aid measures after eye contact       : If irritation occurs, immediately flush eyes with plenty of water. Remove contact lenses, if worn.	SECTION 3: Composition/information	on ingredients	
3.2. Mixture         None by OSHA HazCom 2012 and HPR WHMIS 2015 criteria         SECTION 4: First aid measures         4.1. Description of first aid measures         First-aid measures after inhalation       : Not a normal route of exposure. If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.         First-aid measures after skin contact       : If irritation occurs, flush skin with plenty of water. Get medical attention if irritation persists.         First-aid measures after eye contact       : If irritation occurs, immediately flush eyes with plenty of water. Remove contact lenses, if worn.	3.1. Substance		
None by OSHA HazCom 2012 and HPR WHMIS 2015 criteria         SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures after inhalation       : Not a normal route of exposure. If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.         First-aid measures after skin contact       : If irritation occurs, flush skin with plenty of water. Get medical attention if irritation persists.         First-aid measures after eye contact       : If irritation occurs, immediately flush eyes with plenty of water. Remove contact lenses, if worn.	Not applicable		
SECTION 4: First aid measures         A.1.       Description of first aid measures         First-aid measures after inhalation       : Not a normal route of exposure. If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.         First-aid measures after skin contact       : If irritation occurs, flush skin with plenty of water. Get medical attention if irritation persists.         First-aid measures after eye contact       : If irritation occurs, immediately flush eyes with plenty of water. Remove contact lenses, if worn.	3.2. Mixture		
4.1.         Description of first aid measures           First-aid measures after inhalation         : Not a normal route of exposure. If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.           First-aid measures after skin contact         : If irritation occurs, flush skin with plenty of water. Get medical attention if irritation persists.           First-aid measures after eye contact         : If irritation occurs, immediately flush eyes with plenty of water. Remove contact lenses, if worn.	None by OSHA HazCom 2012 and HPR WHMIS 20	015 criteria	
4.1.         Description of first aid measures           First-aid measures after inhalation         : Not a normal route of exposure. If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical advice/attention if you feel unwell.           First-aid measures after skin contact         : If irritation occurs, flush skin with plenty of water. Get medical attention if irritation persists. 4.2. Most important symptoms and effects, both acute and delayed	4.2. Most important symptoms and effects,	both acute and delayed	
Symptoms/injuries after inhalation : Not a normal route of exposure. May cause respiratory tract irritation.	Symptoms/injuries after inhalation :	Not a normal route of exposure. May cause respiratory tract irritation.	
Symptoms/injuries after skin contact : May cause skin irritation. Symptoms may include redness, drying, defatting and cracking of the skin.	Symptoms/injuries after skin contact :	May cause skin irritation. Symptoms may include redness, drying, defatting and cracking of the skin.	
Symptoms/injuries after eye contact : May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.	Symptoms/injuries after eye contact :		
Symptoms/injuries after ingestion : Not a normal route of exposure. May be harmful if swallowed. May cause stomach distress, nausea or vomiting.	Symptoms/injuries after ingestion :		

Safety Data Sheet according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012 and the Hazardous Products Regulations (HPR) WHMIS 2015

cording to the Hazard Communication Standard (CFF	R29 1910.1200) HazCom 2012 and the Hazardous Products Regulations (HPR) WHMIS 2015
4.3. Indication of any immediate m	edical attention and special treatment needed
Symptoms may not appear immediately. In c	ase of accident or if you feel unwell, seek medical advice immediately (show the label or SDS where possible).
SECTION 5: Firefighting measu	res
.1. Extinguishing media	
uitable extinguishing media	: Treat for surrounding material.
Insuitable extinguishing media	: None known.
.2. Special hazards arising from t	he substance or mixture
Fire hazard	: Products of combustion may include, and are not limited to: oxides of carbon.
.3. Advice for firefighters	
Protection during firefighting	: Keep upwind of fire. Wear full fire fighting turn-out gear (full Bunker gear) and respiratory
	protection (SCBA).
SECTION 6: Accidental release	measures
.1. Personal precautions, protect	ive equipment and emergency procedures
General measures	: Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to
	unnecessary and unprotected personnel.
.2. Methods and material for cont	ainment and cleaning up
or containment	: Pick up large pieces, then place in a suitable container. Do not flush to sewer or allow to enter waterways. Use appropriate Personal Protective Equipment (PPE).
Nethods for cleaning up	: Vacuum or sweep material and place in a disposal container.
.3. Reference to other sections	
see section 8 for further information on pro	otective clothing and equipment and section 13 for advice on waste disposal.
<b>SECTION 7: Handling and stora</b>	ne
.1. Precautions for safe handling	
Precautions for safe handling	: Avoid contact with skin and eyes. Avoid breathing dust/fume/gas/mist/vapours/spray. Do not swallow. When using do not eat, drink or smoke.
lygiene Measures	: Launder contaminated clothing before reuse.;Wash hands before eating, drinking, or smoking.
.2. Conditions for safe storage, in	icluding any incompatibilities
storage conditions	: Keep out of the reach of children. Store in a dry, cool area.
3. Specific end use(s)	
lot available.	
SECTION 8: Exposure controls/	norconal protoction
8.1. Control parameters No additional information available	
.2. Exposure controls	
ppropriate engineering controls	: Use ventilation adequate to keep exposures (airborne levels of dust, fume, vapor, etc.) below recommended exposure limits.
land protection	: None necessary under normal conditions of use. Wear gloves if handling large quantities.
ye protection	: Safety glasses or goggles are recommended when using product.
kin and body protection	: None necessary under normal conditions of use.
espiratory protection	: None necessary under normal conditions of use.
nvironmental exposure controls	: Maintain levels below Community environmental protection thresholds.
Other information	: Do not eat, smoke or drink where material is handled, processed or stored. Wash hands carefully before eating or smoking. Handle according to established industrial hygiene and safety practices.
SECTION 9: Physical and chem	ical properties
.1. Information on basic physical	and chemical properties
Physical state	: Solid

EN (English)

Safety Data Sheet according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012 and the Hazardous Products Regulations (HPR) WHMIS 2015

Odour threshold	: No data available
рН	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Relative evaporation rate (butylacetate=1)	: No data available
Flammability (solid, gas)	: Not flammable
Explosive limits	: No data available
Explosive properties	: No data available
Oxidising properties	: No data available
Vapour pressure	: No data available
Relative density	: No data available
Relative vapour density at 20 °C	: No data available
Solubility	: No data available
Partition coefficient: n-octanol/water	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available

#### 9.2. **Other information**

No additional information available

SECTION 10: Stability and reactivity		
10.1. Reactivity		
No dangerous reaction known under conditions of normal use.		
10.2. Chemical stability		
Stable under normal storage conditions.		
10.3. Possibility of hazardous reactions		
No dangerous reaction known under conditions of normal use.		
10.4. Conditions to avoid		
Heat.		
10.5. Incompatible materials		
None known.		
10.6. Hazardous decomposition products		
May include, and are not limited to: oxides of carbon.		
SECTION 11: Toxicological information		
11.1. Information on toxicological effects		

Acute toxicity

: Not classified.

RED Stencil Paper		
LD50 oral rat	> 2000 mg/kg	
LD50 dermal rabbit	> 2000 mg/kg	
LC50 inhalation rat	No data available	
Skin corrosion/irritation	: Based on available data, the classification criteria are not met.	
Serious eye damage/irritation	: Based on available data, the classification criteria are not met.	
Respiratory or skin sensitisation	: Based on available data, the classification criteria are not met.	
Germ cell mutagenicity	: Based on available data, the classification criteria are not met.	
Carcinogenicity	: Based on available data, the classification criteria are not met.	
Reproductive toxicity	: Based on available data, the classification criteria are not met.

### Safety Data Sheet

according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012 and the Hazardous Products Regulations (HPR) WHMIS 2015

Specific target organ toxicity (single exposure)	: Based on available data, the classification criteria are not met.
Specific target organ toxicity (repeated exposure)	: Based on available data, the classification criteria are not met.
Aspiration hazard	: Based on available data, the classification criteria are not met.
Symptoms/injuries after inhalation	: Not a normal route of exposure. May cause respiratory tract irritation.
Symptoms/injuries after skin contact	: May cause skin irritation. Symptoms may include redness, drying, defatting and cracking of the skin.
Symptoms/injuries after eye contact	: May cause eye irritation. Symptoms may include discomfort or pain, excess blinking and tear production, with possible redness and swelling.
Symptoms/injuries after ingestion	: Not a normal route of exposure. May be harmful if swallowed. May cause stomach distress, nausea or vomiting.

<b>SECTION 12: Ecological information</b>	
12.1. Toxicity	
Ecology - general	: May cause long-term adverse effects in the aquatic environment.
12.2. Persistence and degradability	
RED Stencil Paper	
Persistence and degradability	Not established.
12.3. Bioaccumulative potential	
RED Stencil Paper	
Bioaccumulative potential	Not established.
12.4. Mobility in soil	
No additional information available	
12.5. Other adverse effects	
Effect on the global warming	: No known ecological damage caused by this product.
SECTION 13: Disposal considerations	3
13.1. Waste treatment methods	
Waste disposal recommendations	: This material must be disposed of in accordance with all local, state, provincial, and federal regulations. The generation of waste should be avoided or minimized wherever possible.
SECTION 14: Transport information	
Department of Transportation (DOT) and Trans In accordance with DOT/TDG	portation of Dangerous Goods (TDG)

Not regulated for transport	
Additional information	
Other information	: No supplementary information available.
Special transport precautions	: Do not handle until all safety precautions have been read and understood.

### **SECTION 15: Regulatory information**

#### 15.1. Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory.

All components of this product are listed, or excluded from listing, on the Canadian DSL (Domestic Substances List) and NDSL (Non-Domestic Substances List) inventories.

#### 15.2. US State regulations

RED Stencil Paper	
State or local regulations	This product does not contain a chemical known to the State of California to cause cancer,
	birth defects or other reproductive harm

Date of issue         : 02/17/2016           Revision date         : 02/17/2016           Version         : 1.0	SECTION 16: Other information	
	Date of issue	: 02/17/2016
Version : 1.0	Revision date	: 02/17/2016
	Version	: 1.0

Safety Data Sheet according to the Hazard Communication Standard (CFR29 1910.1200) HazCom 2012 and the Hazardous Products Regulations (HPR) WHM IS 2015
