PERMA BLEND LUXE

The RECLAIM set is specifically formulated to create the most natural results with incredible retention which maintains the size, shape, and color of the result. All of the bottles are pre-modified to ensure the cancellation of the existing undertone, creating results that are "neutral" and natural for each client. It is optimized to enter the delicate area of the scalp skin quickly as well as maintain a consistent flow of pigment without dripping or splashing.

DISCLAIMER: THIS CHART IS DESIGNED AS A REFERENCE GUIDE. THE RECLAIM PIGMENT SET CAN BE COMBINED, MODIFIED, AND DILUTED AT THE ARTIST'S DISCRETION.
